

# Dunkettle Progress Update

*30th January 2022*

[More Information at www.Dunkettle.ie](http://www.Dunkettle.ie)

## Dunkettle Interchange Upgrade Project

- Traffic was directed over the new Structure ST08 at midday today as planned.
- The new layout is working well so far but motorists are again reminded to allow extra time for their journey if using the M8 southbound during the AM peak from tomorrow Monday 31st January – see photographs below.

**M8 southbound traffic diverted from the existing M8 to the new alignment over ST08.**

**Traffic from the M8 southbound joining the Dunkettle Interchange Roundabout at the new traffic light layout.**

- The AM peak for Monday 31st January 2022 will be monitored closely with a view to ensuring that any additional delays are minimised. We intend to issue a further brief update at midday tomorrow Monday 31st January.

**Traffic from the M8 southbound joining the Dunkettle Interchange Roundabout at the new traffic light layout :**

## Dunkettle Live Traffic App

- Motorists are again reminded of the availability of the “***Dunkettle Live***” traffic app. In addition to live camera feeds, real time journey duration information is also available for all of the main routes approaching the Dunkettle Interchange Roundabout.
