

Dunkettle Progress Update

08th March 2024

Twitter

Website

- The expansion joint at Structure ST08 on the M8 was completed under night-time working this week – see photograph below.

Expansion Joint Works at Structure ST08

- Similar works are continuing at Structure ST14, again under night-time working – see photograph and layout plan below.

Layout Plan showing Structures ST08 and ST14

- Landscaping works are also continuing across the site and this works element will continue up to week ending Friday the 15th of March 2024.

- Works are now at substantial completion and any finishing works which could give rise to disruption to traffic will be progressed under night-time working.

- Please see link below to our project website to view a brief video showing the evolution of the Scheme over the construction period.

- Further updates in relation to the Scheme will only be issued if required.

- However, we remain available to address queries or comments arising in relation to the works and we can be contacted at roadconstruction@ccc-site.com.

The brief video below shows the evolution of the Scheme over the construction period
